DE

Unterputz-Thermostatarmatur mit eleganten, schlanken Details. Die Unterputzinstallation verleiht dem Badezimmer eine minimalistische, reduzierte Optik. Enthält eine dünne, deckenmontierte Kopfbrause mit großzügigem Durchmesser sowie eine zylindrische Handbrause mit weichem, angenehmem Wasserdurchfluss und breitem Strahl. Zeitloses Design, das mit einer skandinavischen Formensprache korrespondiert.

Technische Daten:

Kopfbrause: Ø300 mm | Duschschlauch: 1,5 m

NL

Thermostatische mengkraan voor inbouw met elegante slimline details. De achter de wand weggewerkte installatie geeft de badkamer een minimalistische en harmonieuze uitstraling. Voorzien van een dunne en breed uitgevoerde plafondgemonteerde hoofddouchekop en een cilindervormige handdouche die zorgt voor een zachte, aangename en brede waterstraal. Een fraaie wisselwerking tussen een tijdloos design en Scandinavische vormgeving.

Technische gegevens:

Hoofddouchekop: Ø300 mm | Doucheslang: 1,5 m
